

# MICHELE GULLEY

Animator • Video Editor • Illustrator • Graphic Designer

I have been working creative media-related jobs for five years now. In that time I have focused mostly on video editing, filming, and animation. I have a bachelors in Media Arts from the University of Kentucky. I currently work at the University in the nursing department where I create animated training videos. I'm proficient at premiere pro, photoshop, and after effects. Additionally, I have experience with several DSLR's as well as 360 cameras. I also have several years of graphic design experience as well as illustration and image manipulation/color correction.
